BRIEF STATE NEWS

Westbrook.—Leon Moore Gregg, aged 9, who exhibited a case of butterfly-like skin collection at the Guilford fair in October, recently received first prize in cash.
New Haven.—Building classes for the faculty of the university will be inaugurated this (Friday) afternoon at Yale armory and will be held every Friday afternoon at 2 o'clock and at 4:15.
West Haven.—Preliminary plans are being made for a benefit to be given at the Masonic temple for the Masonic home on the evening of Dec. 3, to take the form of a miscellaneous entertainment, with dancing.

Waterbury.—Military honors will be accorded Edward E. Erwin, struck and killed by an automobile, a world war hero, by his Yankee division comrades at funeral services this (Friday) morning.

Rocky Hill.—High mass will be celebrated at 9 o'clock in the Church of St. Francis Xavier.

Middletown.—The girls' industrial school has presented the day nursery seven bushels of potatoes.

New Britain.—The superintendent of schools is making an appeal to families who have books and magazines that are no longer used by them and which could be used to advantage by children in the elementary schools.

Bridgewater.—Mrs. Victoria Frieberg, who shot her chief boarder, Hubert Meunier, Monday morning with fatal effect, is held by the bridgeport authorities on the charge of murder. She claimed the shot was an accident.

Hartford.—Counsel for the bondholders of the Hartford Home Building association have asked for the appointment of a receiver. The bond issue involved is \$800,000. It is claimed the company built houses at too high a cost, which could neither be sold nor rented to advantage.

Norwalk.—Dr. John H. Mallory, prominent second district dentist, was found dead at 6:30 o'clock Sunday evening as the result of heart failure in the Hartup garage in Spring street. Dr. Mallory was found sitting in his car with his hands clutched to the steering wheel as though ready to leave the car for a trip.

His Specialty
When Senator Harding was a young student at college he took his bacon and eggs with him to school. And in November, 1920, he brought the bacon home.—Los Angeles Times.

DANIELSON AND PUTNAM NEWS

DANIELSON

Manager Robert Patterson, of the Connecticut Mills basketball team, this morning announced that the team will be in the line-up when his team faces Company M of Milford, here this (Saturday) evening. Gagnon is rated as one of the fastest basketball players in New England, a sensational player, in fact.

Extra here were pleased over the Thanksgiving night game. Though the Connecticut Mills team was defeated by the William H. K. of C. team, the contest was fast and close and gave the spectators many thrills.

Cars owned by E. V. Dugger and Joseph Tyrocha, both of Moosup, which were wrecked in a collision at Plainfield Thanksgiving afternoon, one of the persons in Tyrocha's car being injured, were inspected Friday morning by State Officer Howard E. Elliott. Both cars were badly damaged.

A local meat dealer said Friday morning that lower prices for meats are in sight as the result of the break in prices on the Chicago grain and pork markets. While the benefits of these breaks at Chicago have not been materially felt here yet, the chances are for lower quotations at retail here in Danielson in a week or ten days. The continuing high price for eggs is charged against the fact that few hens are laying at the present time.

Poultry thieves are again at work in Danielson. Chief John McFarland said Friday morning that he had received a report of the theft of about a dozen hens from coops in the rear of a home in the Westfield section. Although comparatively few people are aware of the fact, chicken stealing is an offense for which a sentence in state prison may be imposed. The risk taken by the chicken thieves is, therefore, a hazardous one.

Danielson has lost considerable of its Foster trade as the result of suspension of service on the Providence and Danielson trolley line. Some residents of the nearby town continue to come here, driving in with machines or horses, but patrons who are without vehicles have had to give up their old routine of coming here to trade.

An effort is to be made, it was indicated here Friday morning, to secure the names of all road vehicle owners in Killingly to a petition addressed to the state highway commissioner and asking that steps be taken toward starting the construction of a section of state highway from a point about two miles east of Danielson, where the main road ends, to the Connecticut-Rhode Island border at Little Rock. The state of Rhode Island is ready to take part in this Providence-Danielson route and action by the Connecticut state highway department is all that is needed to make the plan a reality.

The people of Killingly are to be credited with having made a perfect record of good behavior during the Thanksgiving period. There were no arrests with in the town and no complaints of disturbance of any kind were received by the police.

Sunday, December 12, the every member canvass will be made in the interest of the Wesleyan Methodist church. The budgets for 1921 include \$4500 to be used to defray expenses of the church and \$2400 for missions.

A force of men continues at work at the Main street plant of the Connecticut Mills, formerly the Connecticut Cotton company. The mill is being completely overhauled and improved, all of the machinery having been removed and dismantled. The work has been laid and many other important changes brought about. A new line of poles that comes down the west bank of the Assawamuck river and along the canal in the mill yard will carry the power line. It will be engaged in turning out the products of the Connecticut Mills company.

Basketry, bowling, musical interpretation and a course in home nursing will engage the attention of members of the Payville Girls' club during the winter months. The club is active in its interests. The home nursing course will be taken up under the auspices of the Red Cross.

Freight shipments into and out of Danielson have fallen so low that it is likely to be the low water mark for the present period of depression. With the resumption of activities by manufacturing plants a quick revival of both outward and inward shipments is looked for.

Charles Morin, who is engaged in business in Apponaug, R. I., spent the holiday and Friday with his family in Danielson.

Commander Walter Jacobs, U. S. N., of the Naval War college at Newport, was a visitor in Danielson on Friday.

James C. Howe of Worcester, visited friends in Danielson, Friday.

Mr. and Mrs. Adley W. Mills, of Boston, have been spending a few days with Mrs. William Chapman of the West Side.

State Officer Mitchell, who suffered a fractured skull in an automobile accident at Hartford Thanksgiving day is well and favorably known in official circles in this part of the state, where he often has been called into duty recently on work pertaining to the clearing up of matters which developed following the arrest of the burglars who made recent breaks in Woodstock and Pomfret.

Those who have old paper to sell find that the price offered by dealers has dropped materially, as is the case with a great many commodities at the present time.

A large force of men is engaged in regrading the main line track of the New Haven road between Dayville and Attawaug crossing.

A herd of four deer was reported on Friday as having been seen in territory just beyond the Riverview race track, near the Quinebaug river, across which the animals made their way into the town of Brooklyn.

Miss Annie Hutchins continues to improve at the Day Kimball hospital where she recently underwent an operation.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sear in mixing a mess of mustard, flour and water when you can easily relieve pain, soothe soreness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throats, bronchitis, influenza, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, core muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia), 30c and 60c jars, hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

PUTNAM

What was described in press dispatches as a private session from the residence of Arthur Sherburne Hardy of Woodstock, formerly United States consul to Paris, was no more than a necktie of gold gold beads with a scarab, according to a local paper that has been given out by Mr. Hardy. The materials in the necklace were obtained while Mr. Hardy was abroad, and were put together by a jeweler in Florence. The necklace is valuable, but not priceless, Mr. Hardy says.

The prospect is for a court room full of spectators Monday when the superior court will resume hearing the case of John J. White vs. Newton A. Ball and M. J. Kenney. There is special interest on the part of the public in hearing the arguments that will be made by counsel. Attorney C. L. Turvey will make the argument for the plaintiff, while the arguments for Mr. Ballard will be by Messrs. Searls, Bradford and Buck and for Mr. Kenney by Messrs. King and Macdonald. The arguments will consume a good part of Monday's session, but it is expected that the case will go to the jury during Monday afternoon.

State Officer Mitchell, whose skull was fractured in an automobile accident in Hartford Thanksgiving evening, as known to many residents of Putnam, where he was engaged on the fast work he did in this part of the state. Officer Mitchell was one of the state police who went to Worcester and recovered quantities of food stolen in robberies in Woodstock and Pomfret.

Announcement was made here Friday of a gift of \$500 from Mrs. Courtland Hoppin of Pomfret to be added to the fund for the Day Kimball hospital. His name is now \$4,245.55, and there is confidence that it will soon reach the \$5,000 mark. The hospital needs much money for the completing and equipping of the new wing that is in course of construction. Many have realized this fact and have given generously, but many thousands more are needed to carry out the work that has been planned.

Mr. and Mrs. C. W. Durie, who recently sold their home at Putnam Heights are visiting in Vermont. They were joined this week by their daughter, Miss Sallie Durie, and within a few days all will leave for California, where they are to spend the winter.

Railroad men in this city were interested Friday in the announcement that the New Haven road is to lay off 3,000 employees during the readjustment process Friday. This may mean a further reduction in the number of employees of the road who make their headquarters in this city.

Mrs. S. R. Overlock of Pomfret is able to be out after being confined to her home for several weeks as the result of injuries received in a fall.

Woodstock academy, which has been closed during the past week, is to reopen Monday with Mr. Kendrick of Worcester principal.

Mr. and Mrs. Silas Wheelock and members of the family, Mr. and Mrs. G. Harold Gilpatrick, Miss Ellen and Mary Wheelock and Henry Wheelock motored to Loomington on Thanksgiving day and attended a family party arranged for by their cousins, Mr. and Mrs. Rolfe Smith.

Rev. G. C. Mackay has resigned as pastor of the Putnam Baptist church to become pastor of the Broadway Baptist church in Providence, where it is expected he will take up his new duties about the first of the year. Rev. Mr. Mackay has been in Putnam for three years.

Many Thanksgiving guests who crowded the jobs at Pomfret left for their homes Friday after spending a delightful holiday period with relatives among the students at Pomfret school.

Woodstock Agricultural society has made announcements relative to its forthcoming annual meeting. The society was unfortunate this year in that its exhibition hall was injured in a storm early in the fall, making necessary the postponement of the fair, which suffered as a consequence of the unusual late season. The society members are disappointed, however, and will make plans for a bigger and better fair than ever for next fall.

According to information coming from Worcester, Howard Carpenter of this city will lose the sight of his left eye as a result of an injury received in a hunting accident a few weeks ago.

Dr. and Mrs. James M. Kent of Larchmont, N. Y., have been spending a few days with Dr. and Mrs. J. B. Kent of Chatham.

It is stated that the gasoline consumption in Putnam this year is several thousand gallons more than it was for the year 1919 up to this date, all of which has been in commission, all depressing influences notwithstanding.

Mr. and Mrs. John Moss, who have been living in Lowell, have returned here to make their home.

George C. Potter of Webster was a visitor with friends in Putnam Friday.

The Girls' Friendly society of the Episcopal church at Webster planted an evergreen tree as a memorial to Mrs. Dorothy Kibbert Wright, who died in this city. Mrs. Wright formerly was a member of the society.

Mrs. Alfred Harvey was elected president of Alpha Delta class of the Congregational Bible class, Mrs. George D. Clark, vice president, George Robert secretary and Mrs. A. E. Burr, treasurer.

The State Trade school here is expected to figure prominently in athletics from now on, as plans are underway to fix an interesting schedule of games. The school will be represented during the winter by a fast basketball team.

The Ladies' Aid society of the Baptist church held a meeting Friday afternoon in the assembly hall of the church.

The officers of the committee of the Congregational church are: White Glits program, Mrs. C. D. Arnold, Miss Emma Roberts, Mrs. Mary Sherman, Miss Josephine Grosvenor, Mrs. Jess Rich; children's Christmas party, Second church club, and an advisory group consisting of Kenneth Andom, Walter Wheaton, Mrs. H. L. Pease and Mrs. S. D. Fisher.

Paul Johnson of No. Grosvenor held a last season signed by Connie Mack for his Philadelphia American, held the real top position in the Eastern league batting last season, according to figures just issued by the league statistician, Leslie R. Stearns of Springfield.

There was one other batsman with a greater total for base hits, but Johnson batted in 104 runs. His average for runs was .333.

stion for appendicitis. It is expected that Miss Hutchins will be able to return to her home here in the near future.
